

Sailors Jumpstart College Degree with Virtual Counseling, SMART

The Navy College Program (NCP) now offers two tools on its Web site designed to guide Sailors and Marines in their quest for college credit for military experience.

The Sailor/Marine Online Academic Advisor (SMOLAA) is a virtual counseling tool that eases online navigation

and helps compile college credit for Navy courses and experience for the Sailor/Marine American Council on Education Registry Transcript (SMART).

These tools are available via the NCP Web site and expedite the process of receiving college credits through 17 accredited colleges that have partnered with the Navy through distance learning. Sailors and Marines can use the tools to develop their own degree program with the school of their choice.

For more information on SMART and SMOLAA, visit the Navy Knowledge Online Web site at <https://www.nko.navy.mil> or the Navy College Program Web site at <https://www.navycollege.navy.mil>.
